Hubei University Highlight

The provincial first-class comprehensive university jointly administered by Hubei Provincial Government and China's Ministry of Education, located in the very center of Wuhan with a history of 91 years.

The disciplines of Material Science, Chemistry and Engineering ranking top 1% in the world ESI.

Host university for Students of Chinese Government Scholarship, and Hubei Provincial international Students Scholarship.

 <p>1931 A Proud History of High Education Since 1931</p>	 <p>State Key Laboratory of Biocatalysis and Enzyme Engineering</p>	 <p>5 Subjects Listed in Global Ranking of Academic Subjects (Shanghai Ranking)</p>
 <p>26 Subjects Listed in National First-Class Undergraduate Subjects Construction Project</p>	 <p>ESI top 1% Material Science Chemistry Engineering</p>	 <p>4 Projects won National Higher Education Teaching Achievement Prizes</p>
 <p>Education Quality Certification of Study in China</p>	 <p>15 times National Winner of Futsal Soccer</p>	 <p>Host University for Students of Chinese Government and Hubei Provincial Scholarship</p>

Manchester Metropolitan University Highlight

With a history tracing back to 1824, Manchester Metropolitan University is one of the largest universities in UK.

With its high-quality research and teaching level, the university ranks among the top 200 young universities in the world, and has won the Silver Award for Teaching Excellence Framework.

In 2020, Manchester Metropolitan University received the award of the Queen's Anniversary Prize for Higher and Further Education for its contributions to the society as well as its discipline construction over the years.

Awarded Silver in the Teaching Excellence Framework 2017

Ranked top 20 in the UK in 11 subject areas

(Complete University Guide 2020 – Overall Ranking 57th)

1824

A proud history of higher education in Manchester since 1824

44% of Manchester Met's research involves international collaboration

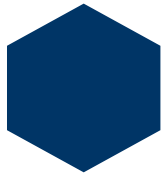

90% of our research impact has been rated 'world-leading' or 'internationally excellent'
REF 2021

Times Higher Education ranks us in the world's top 200 universities under 50 years old
(Young University Rankings 2019)

For more information about Manchester Metropolitan University, please refer to: <https://www.mmu.ac.uk/>

Manchester Metropolitan Joint Institute, Hubei University

Manchester Metropolitan Joint Institute, Hubei University, approved by the China's Ministry of Education (Approval Number: MOE42UKA02 DNR20202068N), is a new type of Sino-foreign cooperative education institution co-established by Hubei University and Manchester Metropolitan University.

The Joint Institute relies on the high-quality education and teaching resources of both universities to cultivate high-quality inter-disciplinary engineering talents with strong practical ability, innovation ability and international competitiveness.

The Joint Institute is a member of the UK-China Joint Institute Alliance, which is co-supported by the British Council and China Education Association for International Exchange, and provides quality assurance, and ensures that teaching, student experience and faculty collaboration is of the highest quality.

Study Here:

Students will enroll and register at Hubei University and Manchester Metropolitan University simultaneously. They will study in China for 4 years and obtain corresponding degrees from both Hubei University and Manchester Metropolitan University after meeting the graduation requirements.

The Institute's particular curriculum provides students with opportunities to gain practical professional experience and understanding of Chinese culture and language.

The university's international exchange programs as well as its international community help students broaden their vision and enhance their global competence.

For more informaton about the Joint Institute
please refer to: <http://hmji.hubu.edu.cn/>

Programs

Materials Science and Engineering

- ESI's world top 4‰ in both Materials Science and Chemistry disciplines.
- First-level key discipline of Hubei Province.
- Member of the superior and characteristic discipline groups of Hubei Province.
- Double First-class Construction Discipline of Hubei Province.

Degrees:

Undergraduate Program: (Dual degrees)

Bachelor of Science: Chemistry(MMU)

Bachelor of Engineering: Material Science and Engineering(HUBU)

Advanced facilities:

High standard laboratories are established to provide access to the first-class equipmen in research, including scan electron microscopy, X-ray diffractometer, Raman spectrometer et al.

Taught by experts:

Our academic staff are research active and experts in their specialist fields. Students can join their research group, get support and guidance, and start their research training throughout their studies.

Core Units:

Year 1	Advanced Mathematics, Introduction to Materials, Advanced Computer Language Programming, College Physics, Fundamental Inorganic Chemistry, Introduction to Thermodynamics and Kinetics
Year 2	Linear Algebra, Organic Chemistry, Physical Chemistry, CAD Engineering Drafting, Solid State, D-block and F-block Chemistry, Analytical Chemistry, Fundamentals of Materials Science
Year 3	Structure and Spectroscopy, Laboratory Techniques, Instrumental Analysis, Materials Synthesis and Preparing, Materials Physics, Green Chemistry and Applications, Nano-materials and Application, Polymer Chemistry and Physics, Methods for Scientific Research
Year 4	Optic-electronic Materials and Devices, Film Physics and Technology, Advanced Instrumental Analysis, Advanced Organic Chemistry, Bio-Materials, New Energy Materials

Placement Employers Include:

TCL CSOT, SMIC Wuhan, Yangtze Memory Technologies, Tencent, HTTech, BOE, Samsung, XMC, TIANMA, Guide Infrared, Fenghua high-tech, EYANG, HCSemitek Corporation, Shenzhen Jufei Optoelectronics Co., Ltd, CSCEC, CRCC.

Programs

Electronic Information Engineering

- Manchester Met is ranked 7th in UK for electronic and electrical engineering (The Guardian University Guide 2022).
- Top 10 UK university for student satisfaction in Electrical and Electronic Engineering (the 2021 National Student Survey).
- Career Prospects: 95% of BEng (Hons) Electrical and Electronic Engineering students said that they were overall satisfied with their course.

Degrees:

Undergraduate Program: (Dual Degrees)

Bachelor of Engineering: Electric and Electronic Engineering(MMU)

Bachelor of Engineering: Electronic Information Engineering(HUBU)

Practical Activities:

Students have opportunities to participate in innovative project experiments, complete project design and production independently, and participate in competitions at all levels inside and outside the university.

Core Units:

Year 1	Advanced Mathematics, Introduction of Electronics Information Technique, Advanced Computer Language Programming, College Physics, Project Skills, Theory of Circuit
Year 2	Linear Algebra, Design Project, Analogue Electronics, Object oriented Program Design, Digital Electronics, Single Chip Computer, Signals and Linear Systems, CAD Graphing of Engineering
Year 3	Professional Practice, Group Design Project, Power Engineering, Modelling and Simulation, High-Frequency Circuit, Automatic Control, Digital Signal Processing, Micro-Computer Theory and Application, Entrepreneurial Basis, Communications and Networks, Advanced Digital Electronics, Mobile Communication, Phase Lock Technique
Year 4	Advanced Power and Control, Business and Operations Management, Project Design and Implementation

Placement Employers Include:

Huawei, Baowu, SPD Bank, China Telecom, China Tobacco, BOE, ZTE, NSN, China Taiping, China Southern Airlines, DRFT, Infineon.

Programs

Software Engineering

- Accredited by the China Engineering Education Accreditation Association.
- Selected as a national first-class undergraduate major.
- A national Ministry of Education China Science and Technology Shuguang Big Data Application Collaborative Innovation Center is based here.

Degrees:

Undergraduate Program: (Dual degrees)

Bachelor of Science: Software Engineering (MMU)

Bachelor of Engineering: Software Engineering (HUBU)

Facilities and Student Activities:

Excellent facilities including teaching laboratories with high-specification PCs are provided. Students will have the opportunity to attend the different association activities, and take part in various competitions based on software design and internet+.

Core Units:

Year 1	Advanced Mathematics, Introduction of Computer Science, Advanced Computer Language Programming, Critical thinking, College Physics, Linear Algebra, Design of Object-Oriented Programming, Graduate Skills
Year 2	Linear Algebra, Databases, Web Development, Digital Logic, Hadoop Big Data Technology, Python Language Programming, Team Project, Data Structure, Software Engineering, Computer Organization, Big Data Analysis and Application
Year 3	Operating System, Algorithm Design and Analysis, Full Stack Web Development, Industry and Community Engagement, Programming Languages and Paradigms, Software Testing and Quality Assurance, Software Modeling Technology, Thematic Project, Software Design and Architecture, Mobile Development Technology
Year 4	Project Management and Analysis, Research Methods, Software Engineering Comprehensive Curriculum Design

Placement Employers Include:

Tencent, JD, Xiaomi, Byte Danee, Baidu, Homework Help, Oriental Fortune, Didi, Kingsoft, HOME LINK, Agricultural Bank of China, China Merchants Bank, China Tobacco, Three Gorges Group.

Entry Criteria and Fees

Programs

Major	Duration	Instruction Language
Materials Science and Engineering	4 years	English
Electronic Information Engineering	4 years	English
Software Engineering	4 years	English

Application Eligibility

Non-Chinese citizens hold a valid foreign passport with an education equivalent to a Chinese high school graduation or above.

Previous Chinese citizens, including China mainland, Hongkong, Macau and Taiwan residents, who migrated to foreign countries and have acquired foreign nationality. If one or both of their parents are Chinese citizens and have settled in a foreign country, and they have foreign nationality at birth, they must meet the requirements of document No. 12 of the Ministry of Education of the People's Republic of China (2020).

Non-native English speakers who apply for majors taught in English are required to get an IELTS score of 5.5 or a TOEFL score of 80 or to pass the interview of the university.

Applicants under 18 years old need to provide guardian guarantee. If the applicant's parents are not in China, their parents should entrust a foreigner or Chinese resident in China as their guardian.

Tuition and Fees (RMB/Year)

Students Category	Tuition	Registration Fee	Medical Insurance
Undergraduate	60,000	400	800

Estimated living cost is 20,000 RMB/year.

Campus Life

Accommodation

At Hubei University, rather than choosing a hall of residence for your first year of study, you live in student apartment for the full duration of your course. The majority of students are guaranteed accommodation in university owned property for three to four years, so you don't have to find private accommodation during that time. Your apartment building is where you do a lot of your studying and socialising.

- Equipped with TV, washing machine, microwave oven, refrigerator, and air conditioner.
- Close to three dining halls.

Supervisor

Your supervisor is the expert in your subject and usually a professor (whose main duty is teaching and research). Appointed to look after your academic welfare, they:

- Advise you on your subject and course choices.
- Monitor your progress and help with any problems arising from your studies. They're also involved in the admission process and they usually conduct interviews.

Coordinator

As well as supervisor, you have access to a coordinator. They're there to protect your interests and can advise you on any personal or financial matters.

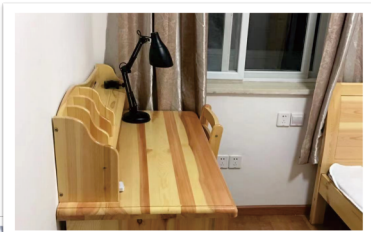

University Staff

University have a variety of people you can turn to for medical or personal support, such as a nurse, counsellor.

Peer Support

The institute also assign senior international students and local students to help new arrivals to settle in. Such as free pick-up service from the Tianhe Airport for your first arrival to Wuhan.

Most clubs, societies and students' unions have elected committees to support their members' welfare as well as provide great opportunities for socialising, having fun and learning new skills.

Guide to Wuhan, China

Wuhan, capital of central China's Hubei Province, is the largest city in central China and among the top 10 megacities nationwide. It has long been an economic, industrial and transportation hub for both the region and country. By the end of 2021, the city had 13 districts under its jurisdiction, with a total area of 8,569.15 square kilometers and a permanent resident population of 13,648,900. In 2021, the city's GDP reached 1.77 trillion yuan.

Wuhan is also the scientific, cultural and educational center of central China, with its strength in this regard ranking 3rd among China's cities, behind Beijing and Shanghai. Wuhan boasts abundant intellectual and human resources.

Wuhan

Is one of the four

Major science and education

Center cities in China

Hosted

2019

Military World Games

Wuhan is the
8th largest city
in China

The only provincial-level city and
megacity in central China.

Over

180

Lakes

Rich in water resources.

Education

The largest city for institutions
of higher education in the
world, with 1.3 million
university and college
students.

High-tech

"Wuhan China Optical Valley", the
"chip-screen-terminal-network"
trillion industrial cluster, is the
world's largest optical fiber and
cable research base, the country's
largest optical device R&D
production base, and the largest
laser industry base.

Location

Core city of the Yangtze River
Economic Belt.

Transportation hub

Comprehensive transportation
hub in China, with over 60
international airlines.

Applying

1. Online Application Procedure

Please log into the online application system at <http://hubu.at0086.cn/student> within the application period. After registration, please complete the Application Form correctly and completely, and upload the supporting documents (Please see more details in attachment in the online application system).

2. Comprehensive Evaluation

2.1 Documents Review

Applicants should submit all information and documents correctly before the deadline for the evaluation by Hubei University.

2.2 Examination & Interview

Applicants who pass the application document review will attend an exam or be interviewed.

3. Visa Application

Admitted applicants must bring their passport, "Admission Notice", "Visa Application Form (JW202/201)", "Physical Examination Record Form" as well as all physical examination reports including Blood Test Record to the local Chinese Embassy/Consulate or other official agencies authorized by Ministry of Foreign Affairs of the People's Republic of China to apply for a student visa (X1/X2 visa).

Notice: Admitted applicants holding other types of visa rather than student visa (X1/X2 visa), will not be registered at Hubei University.
